ENGINEERING AND ENGINEERING

A. G. Usov Torso bending sheet models grabs.....	3
N. V. Rokotov, I. M. Bespalova Study uneven thread distribution along the rotation axis of the package at reeling.....	9
E. P. Chizhova, A. V. Markovets, T. A. Lugantseva Analytical study of kinematic characteristics four-link three-flood structural group with translational pairs as part of the mechanism for transporting materials for sewing cars.....	13
I. V. Kostyuk, V. P. Curia Control color in the production of packaging by intaglio printing on polymer materials with non-standard optical properties.....	19
N. V. Rokotov, N. M. Babkina, K. I. Molchanov Study the effectiveness of mechanisms to eliminate plait formation.....	26
T. B. Cabbage Study the influence of the composition of the dampening solution on its working characteristics	29
I. V. Kostyuk Methods increase the reproductive potential of tone color print	37
N. V. Rokotov, V. V. Smelkova, I. M. Bespalova Modeling process of rope formation during winding threads41	
BA Tropets Study the influence of the optical properties of paper on the occurrence of a defect "Transillumination" penetration paint "on the reverse side of the inkjet print print.....	45
I. V. Kostyuk Evaluation reproductive opportunities offset intensive colors.....	49
E. P. Chizhova, A. V. Markovets, E. V. Anashkina, T. A. Lugantseva Analysis of the kinematic characteristics of a two-link double-flood structural group with a curved linear guide kinematic couples.....	53

ORGANIZATIONPRODUCTION. STANDARDIZATION QUALITY MANAGEMENT

L. N. Nikitina, A. V. Chunaev, A. N. Shikov Problems staffing and professional development at enterprises of textile and light industry.....	59
Ya.A. Ivakin, E. G. Semenova, S. A. Morozov, M. G. Smirnova Hierarchy of indicators for assessing the quality of software and hardware systems processing centers and data storage.....	65
B. P. Kasatkin Implementation of the strategy of diversification of entrepreneurial risks of enterprises, taking into account state support programs industrial business projects	69
M. G. Treiman Study aspects of sewage sludge processing on resource supplying enterprises.....	74

L. N. Nikitina, A. N. Salamatova, R. V. Mkrtyan Development optimization solutions in the system of functioning of industrial enterprises.....	79
N. V. Pereborova, N. S. Klimova, Yu. V. Kobyakova, I. V. Abramova Modeling complex modes of deformation of polymeric textile materials as an assessment tool and improving them functionally-operational properties.....	85
B. P. Kasatkin Application of mathematical methods and methods of systems analysis in the management system for diversification of risks of industrial enterprises.....	93
Tamisanont Chuvong, L. N. Nikitina Evaluation the current state of the textile and clothing industry Thailand	99
Ya.A. Ivakin, E. G. Semenova, S. A. Morozov, M. G. Smirnova Weighing hierarchy of indicators for assessing the quality of software and hardware complexes.....	103
L. K. Sirotina Security rhythm and economy of production in the system of operational supply management and reserves	108
Tamisanont Chuvong, L. N. Nikitina Directions development of the textile and clothing industry Thailand.....	113
N. V. Pereborova, N. S. Klimova, Yu. V. Kobyakova, I. V. Abramova Study deformation properties of aramid textile materials in order to improve their functional and operational characteristics	118
B. P. Kasatkin Methodology risk diversification management of industrial entrepreneurial projects based on the "risk pyramid" method and the "ladder" method risks "	127
E. G. Silantyeva Optimization of production processes innovative directivity by type technologies.....	132

CHEMICAL SCIENCES

V. A. Lipin, T. A. Sustavova, T. E. Gorkina, S. F. Grebennikov, A. P. Mikhailovskaya Increasing the efficiency of flocculants in PPI.....	135
