

CONTENT

COMPUTER SCIENCE, COMPUTER TECHNOLOGY AND CONTROL

A. N. Firsov "Moment" representation of "rapidly decreasing" generalized functions and their application to some applied stochastic tasks.....	3
V. I. Pimenov, I. A. Nebaev, E. S. Kokorin, I. V. Pimenov Using recognizing knowledge base for indexing data	8
N. R. Turkina, A. Z. Krasilnikov, A. A. Rak Finite element strength assurance analysis body armor	13
L. V. Kuznetsova, A. N. Firsov Decision the inverse problem of moving a body into a given region of fluid under the action of a buoyant force in the presence of partial control. 1. Direct problem. Plane-parallel casemovement	16
G. Ya.Frolov, A. V. Epifanov, M. O. Slyuta, A. V. Bakhtin Development of neural network model of pollutant transport to standardize the discharge into streams.....	21
O. A. Loginov, N. N. Rozhkov, E. V. Shikhova Time series analysis of the results of the world championship winners speed skating sports	25
O. V. Kofnov, E. L. Lebedev, G. M. Zavyalova, A. V. Mikhailenko Control quality of elements of products for various purposes, completed using additive technologies	31

CHEMICAL SCIENCES

I. V. Zykova, V. A. Isakov Study heterogeneous photocatalytic oxidation with hydrogen peroxide Congo dye on ZnS and Bi ₂ O ₃	35
P. P. Vlasov, L. Yu. Aleksandrova Solubility of calcium and magnesium carbonates in sodium chloride solutions at temperatures of 120 and 140 °C	41
O. V. Astashkina, A. A. Lysenko, O. Yu. Gladunova, N. V. Diankina, A. A. Malyshev, V. N. Dokuchaev Determination of the oxygen index of fibers and threads.....	47
A. Yu. Kuznetsov, A. A. Lysenko, M. P. Vasiliev Ultra high molecular weight polyethylene - synthesis, properties, areas of use, production (overview).....	51
I. V. Zykova, V. A. Isakov Investigation of the physicochemical properties of sorbents based modified bentonite clay.....	56
W. Sh.Yakubov, I. N. Ganiev, M. M. Makhmadizoda, A. G. Safarov, N. I. Ganieva Effect of strontium on the temperature dependence of the specific heat and change in the thermodynamic functions of the alloy АЖ5К10	61
I. V. Letenkova, K. A. Bystrova Comparative evaluation of the results of the determination of anionic surfactants spectrophotometric and fluorometric methods	68

A. D. Maltseva, A. A. Lysenko	
About heat resistance CFRPs.....	73
I. V. Letenkova, M. A. Vyaznikov	
Study adsorption of nickel ions from aqueous solutions of chamotte crumb.....	76
S. V. Aniskin	
Condensation sulphate dust of flue gases of soda recovery boilers in jet gas scrubber.....	81
